

*Saint John the Evangelist School
Hallway of Heroes Tribute*

October 10, 2014

Dear St. Johns School Family,

As the calendar nears November, St. John School is once again is preparing to honor our veterans with a tribute entitled *Hallway of Heroes*. We are asking all members of the St. Johns School family to bring in a photograph of each member of their family who has served in the military during wartime. We would like to display in the hallways of our school a photograph of your family member in uniform, along with their **name, title, military unit, and war in which they fought**. We will also remember these veterans throughout the month of November during our morning prayers.

We would love to have as many members of our St. John School family as possible participate in our *Hallway of Heroes* tribute. We promise to treat your photographs with the tender loving care they deserve. Please send in your photographs with your veteran's information attached by Monday, **October 20**, as we are eager to get to work on preparing our *Hallway of Heroes*. The photographs will be returned to you prior to the Thanksgiving break.

This memorial to our heroes means a great deal to the veterans who visit our students for our Veterans Day celebration. They feel honored and appreciated by our school community, and that in turn means a great deal to us. Please help us to continue this great tradition.

Sincerely,

Mrs. McKay and the SJS Middle School students
